Seasonal Road Posting Notice:

From: The Office of the Richland County Engineer

Effective Time and Date: 8:00 a.m. February 07, 2024

Re: Temporary Weight Limits on Certain County Highways

Please take note that recent changes in temperature and precipitation have weakened many rural roads. Richland County has imposed a temporary 10 ton weight limit on County maintain highways as indicated on the Richland County website. This posting will be lifted when the road bases settle out or when we get another hard freeze.

The following is a partial list of affected roads:

Portions of N. Prairieton Road, E. Seven Hills Lane, E. Pleasant Ridge Lane, E. Mt. Gilead Lane, E. Seminary Road, E. Elbow Lane, and N. Wynoose Road.

Visit: <https://richlandcounty.illinois.gov/> for a detailed map.

Please contact your Township Highway Commissioner if you have questions about Township Road postings.
